Growing Tomorrow's Leaders

G.L.D.C. Co-op opened the opportunity for our members to apply for a chance to send their children to **Goldeye Co-operative Youth Leadership Camp**. This year, we were pleased to offer **two spots** to attend this incredible experience.

The camp gives youth the opportunity to build leadership skills, learn about cooperation, explore agriculture, and make lasting connections – all while having fun and growing in confidence, teamwork, and their understanding of cooperative values and rural communities.

This year, **Addison Cole** and **Astrid Wyld** were the lucky recipients of this opportunity and had the chance to attend the camp. We are proud to support our young members and invest in the next generation of leaders in our rural communities!

WHAT DRIVES US - 7 Co-operative Principles

At GLDC Gas Co-op, our **Vision, Mission and Values** are the foundation for who we are and how we do business. Built on that foundation are the **7 Co-operative Principles**, which help guide our culture, decisions and the way we serve our members and communities.

As a **member-owned gas utility**, these principles reflect the co-operative difference and help shape how we operate and stay connected to our members.

Over the next several months, we will have “Special Edition Newsletters” to introduce the **7 Co-operative Principles** and share how they are reflected in the everyday work of GLDC Gas Co-op.
